AMSTERDAM

*"Our senses don't only help  
us to experience the world,  
but transport us back to  
significant moments in  
our lives."*

Inspired by the theme of our Signature Artist Atelier Van Lieshout's art collection, our Signature Cocktail menu celebrates the Course of Life - a multi-sensory symphony of memories that span a lifetime. In this chest of libations, each cocktail goes in search of a nostalgic milestone, when you tried or felt something for the first time, reviving such memories through carefully-selected aromas and flavours. Join us on this spirited trip down memory lane.
